

ENTERGY GULF STATES, INC.
ELECTRIC SERVICE
Louisiana

SCHEDULE DTK

Section No.: III
Section Title: Rate Schedules
Revision: 1 effective 9-28-05
Supersedes: DTK Revision 0 effective 3-31-04
Schedule Consists of: Two Pages

DATALINK WEB-BASED ACCESS TO INTERVAL LOAD DATA RIDER

I. AVAILABILITY

At all points throughout the territory served by Entergy Gulf States, Inc. (the "Company") to any eligible customer receiving service from the Company. Company has the right to terminate this Rider at any time, upon giving thirty (30) days written notice of intent to terminate to the Commission. In such event, each current Customer served under this Rider will continue on this Rider until the end of the Customer's then current contract term.

II. APPLICABILITY

This rate is applicable under the regular terms and conditions of the Company to EGS Customers who contract for not less than 150 kW of electric service at Company's available line voltage.

III. LENGTH OF CONTRACT AND CONTRACT TERMINATION

Customer will be required to sign a contract for a minimum term of two (2) years. If Customer chooses to cancel service under the contract before the completion of such term, the monthly charges not then paid for the remainder of the term shall become due and payable immediately. Customer and Company each have the option to terminate the contract at the end of a contract term if a minimum of thirty (30) days written notice is provided. If not terminated, the contract will automatically renew for successive one year terms.

IV. GENERAL PROVISIONS

DataLink is a service that provides web based viewing access to interval load data, which data has been collected by the Company. The service gives a subscribing customer the option of viewing the collected load data on an hourly or daily basis.

Customers that do not have interval metering must have an interval meter installed by the Company at Customer's expense to enable such data collection. Customers requiring an upgrade to interval metering may elect to pay for the interval meter installation either through a one-time charge or by way of a recurring charge paid monthly during the term of, and extension of, the contract term.

The Company can transmit the collected interval data through a telephone line or by wireless communication. Customers who must install interval metering for DataLink Service may choose telephone or wireless communication. Customers who currently have interval metering where data is transmitted by telephone line for billing purposes may continue that method or may elect to have data transmitted by way of wireless communication. If wireless communication is elected, the Customer may elect a one-time charge to pay for the wireless communication or may pay a recurring monthly charge for this service.

V. CHARGES/PAYMENT OPTIONS**Subscription Charge:**

Daily Viewing Option	\$ 39.50 per month, per meter
Hourly Viewing Option	\$122.50 per month, per meter
